Dear Doug,

Here are three (3) copies of an application by Anasazi Gold Reserves for a Small Mine permit for the Highland Mist Mine. The mine is located in Garfield and Iron Counties.

This is the same application as we submitted last spring, except no provision is being made for an exploration permit on nearby federal land. The proposed mine would operate on State metaliferous mineral leases. We appreciate your consideration and look forward to working with you.

Sincerely,

O. Jay Gatten
